

# Safe-T-Scope Surround View & Backup Sensor Kit

P/N: STSK7145BSSK

## SURROUND VIEW CAMERA & BACKUP SENSOR KIT

### 3 Camera, 7" Monitor, and 6 Sensor Complete Kit

The Rosco Safe-T-Scope camera and sensor kit combines the STSK7145 system with the BSSK4000 backup sensor system for commercial vehicles. The sensors offer a driver display that shows the location and distance of obstructions while audibly alerting the driver. Together, the cameras and monitor provide a clear view of behind the vehicle and its danger zones, even in low-light conditions.
